

# The Centre for Applied Genomics

## Requesting a UserID for the LIMS

- Go to <http://lims1.research.sickkids.ca:8080/lablink/Welcome.do>
- Click on “Request a UserID” on the left sidebar.
- Fill in the required fields, as denoted by those with red outlines.
- In the field “User Type”, enter your billing address.
- A different UserID is needed for each TCAG facility; i.e. one for each of
  - Affymetrix/Agilent Microarray
    - includes Affy gene expression and genotyping arrays, Agilent arrays, BioAnalyzer services
  - Genetic Analysis/Illumina Microarray
    - includes Illumina arrays, mouse genotyping, TaqMan, SNaPshot, microsatellite genotyping, mouse DNA extractions
  - Next-generation Sequencing
    - includes SOLiD, Illumina, 454
  - Cytogenomics/Genome Resources
    - includes all cytogenomic services, clone retrieval, labeled FISH probes, library screening, control DNA
- Click “submit”.
- You will be notified once your account has been activated.
